### STANDARD OIL

Men Still Buying Up Ohio Traction.

Two More Properties Pass to the Widener-Elkins-Dolan Syndicate.

THE HOPEFUL ASPECT OF the Western Ohio as Viewed by Financial Interests in Cleveland.

News of the Trolley World With Promises for Lima's Future.

Further confirmation of the presence of the Standard Oil corollary of financial interests in Ohio traction affairs has come through the announcement of the purchase of the Columbus, Newark and Zanesville and the Columbus, Buckeye Lake and Newark.

This sale of these properties to the Elkin-Widener-Dolan syndicate has been generally understood for some time. The definite announcement is made, however, that the purchase is in the interest of the United Gas Improvement company, of Philadelphia. According to an authority on the subject this company is one of the offshoots of the Standard Oil financial organization of New York. The recent election of the board of directors not only supports this statement but gives further evidence. If such were necessary, of the friendly relations between the eastern house and the Cox-Schoepf-Foraker interests of Cincinnati.

The plan is again announced of forming a holding company to take not only these newly acquired lines, but also the tractions centering in Cincinnati, already owned by the same parties. These include the Cincinnati Traction company and the Cincinnati, Dayton and Toledo, which are held by the Ohio Traction company. Whether the latter organization is to be the holding company for the new

holding company to be formed is not yet definitely stated. The assertion is made, however, that the holding company will take over the securities in all tractions in Ohio controlled by these friendly financial interests.

The new directors of the Columbus, Buckeye Lake and Newark and the Columbus, Newark and Zanesville are W. K. Schoepf, Hugh McGowan, George H. Warrington, J. B. Foraker, Jr., Dane Stephens, Randall Morgan and T. H. Dickson. The last two named represent the United Gas Improvement company, of Philadelphia. Mr. Morgan being its vice president. Mr. Schoepf has been made president and Mr. McGowan vice president. F. A. Deverall has been elected secretary and treasurer.

#### WESTERN OHIO.

Affairs Are Assuming a Most Hopeful Aspect.

Affairs in connection with Western Ohio are beginning to assume a most hopeful aspect. The new line between Lima and Findlay is about to be opened. The announcement is made also that as soon as this line is completed, which will be before the end of the year, through cars will be run from Toledo to Dayton. This will be effected through an arrangement with the Dayton and Troy. In addition to that the financial plan upon which the Lima and Findlay line is built is such as to materially benefit the bonds of Western Ohio. The stock benefits through the sale of power. Under the circumstances the slightly easier tone to the securities of this company displayed during the past week is attributed more to general market conditions than anything affecting the status of the stock itself.

#### Saved by Dynamite.

Sometimes a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z. T. Gray, of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her, so she took Dr. King's New Discovery for Consumption, Coughs and Colds, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure bronchitis and the Grinche. H. P. Vorikamp's drug store, price 50c and \$1, guaranteed. Trial bottle free.

Heavy, impure blood makes a muddy, pimply complexion, headaches, nausea, indigestion. Thin blood makes you weak, pale, sickly. Burdock Blood Bitters makes the blood rich, red, pure—restores perfect health.

### FEELING GROWS MORE INTENSE.

Hong Kong, Nov. 8.—Advisers from Canton say that the anti-American feeling there is growing more intense. A lady has been spat upon in the street and the American consul, Jullius C. Lay, has received an anonymous letter threatening his life if the imprisoned boycotters of American goods are not released. The consul has written to the viceroys to protect an anti-American mass meeting, but the viceroys apparently are indifferent. The American consul today proceeded to Lien Chow in order to make an official investigation of the recent massacre there. The Chinese authorities will be represented by the Taoist.

Billous Attack Quickly Cured. A few weeks ago I had a bilious attack that was so severe I was not able to go to the office for two days. Failing to get relief from my family physician's treatment, I took three of Chan-berlain's Stomach and Liver Tablets and the next day I felt like a new man.—H. C. Bailey, Editor of the News, Chapin, S. C. These tablets are for sale by all druggists.

#### OHIO HISTORY.

One of the curious stories of Zoroastrianism and kindness, in the days when that community was in its full strength and devotion to its early ideals, tells of the havoc wrought in the cholera year of 1832 by simple minded goodness to strangers.

A canal boat passing Zoar purchased a man who had just died of cholera. The community buried him in Christian fashion. Soon another victim of the oriental plague was purchased on the tow path and left to die. The society took him in, nursed him till he died, and laid his remains to rest in the Zoar graveyard.

In a short time a woman appeared who claimed to have been his wife. She asserted that he had a large sum of money on his person which she wished to obtain. She brought to Zoar a stranger whom she had hired for \$10 to dig up the body. She found several hundred dollars in coin and paper money in clothing worn by the deceased, and left the Zoar settlement, after offering pay to the community which was refused.

That night cholera broke out in Zoar, and before the pestilence died out, more than twenty persons out of about 150 in the community perished. Some accounts say that fifty died, or one-third of the population. It is recorded that both the woman

who recovered the money and the man who dug up the cholera victim's remains, for \$100, died when they had gone only a few months from the place, where the precepts of the Bible, applied literally to the affairs of everyday life, were the guest law of the community.

#### Terrific Race With Death.

"Death was fast approaching," writes Ralph P. Fernandez, of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at J. F. Vorikamp's drug store; price 50c.

#### SPIRIT COMMUNICATION.

Told a Woman Her Sight Would Be Restored and It Was Verified.

(Indianapolis Cor. N. Y. Herald.) The case of Miss Ethel Kimler, of Burlington, who was stricken blind nearly a year ago, and who recovered her sight this week as suddenly as he lost it, has attracted widespread attention.

While employed as a stenographer, Miss Kimler developed a peculiar nervous malady last January. She had daily attacks of coughing and nausea, and after a particularly severe spell she complained that her eyes were sightless. Expert opticians examined her, and finding no impairment of any of the eye structure, diagnosed it as hysterical blindness, brought on by excessive nervousness.

Miss Kimler has been taking treatment ever since, but with no material improvement except in her general health.

The young woman astonished her relatives by asserting ten days ago that her sight would be restored at 15 minutes after 3 o'clock on Wednesday afternoon of this week. This prediction was based upon a spirit communication, and while her friends gave it no heed, Miss Kimler patiently awaited the coming of her deliverance.

While taking electrical treatment in the office of an oculist on Wednesday afternoon, Miss Kimler suddenly exclaimed: "I can see three lights." She walked alone to the outer office, and a few minutes later, at almost precisely the time she had predicted, the young woman experienced a complete restoration of sight.

A happy thought, Mrs. Austin's Panacea for breakfast. Ready in a jiffy.

Bossism was buried beneath an avalanche of ballots in Ohio, yesterday. This is not only true in the city of Lima, but it is true as shown in our telegraphic reports, all over the state and all over the nation.

Lima, however, contributed her full share to the glory, and in this republican-tainted community the bird committee and the Campbell kingdom of hope are hiding behind the corners today.

The people in the city of Lima have spoken and their speech has been pronounced in every voting precinct. There will be no Laudick in the executive chair; and there will be no republicans at the head of city affairs. Judge Theo. D. Robb's administration in the fact of a republican council and republican board of public service, throwing obstacles in his path, has been commended by a majority vote of 1,031.

Wm. Melville retires as a city official and is succeeded by Com. S. Baxter, who polled a magnificent vote; Donze, Napier and Abbott, who had their assistants all picked out and had assigned the respective ward heelers to their desks, will wait a few years before notifying their favorites is selected by "Boss" Quail.

The same story is general and there will be no "Fridays" in the municipal weeks to come, for Frank H. Downing is covered over and sleeps beneath Eastman's bulwark.

W. E. Peary will not let the contract.

LIMA'S TAMMANY.

As He Appeared to Quail, Gale and Heffner at 2 a. m.

for Newson lights, nor will Newson light the legislative halls at Columbus.

It is a beautiful victory for clean politics and a lesson to bossism which George B. Cox is astute enough to perceive while "Boss" Quail blushes crimson. His public theft of municipal offices was stopped by the people, and no one realizes this more than does the deposed "Boss" who rants and wails against the Hall-Hanna crowd, reads McComb and Rogers out of party, and will now start in with Captain Gale to clean up with the good republicans against whom he has raised the republican bars in Lima forever and a day.

### AT SPENCERVILLE

Entire Democratic Ticket Was Elected Yesterday.

Spencerville rolled up a good vote for the democratic ticket, but we are advised that the municipal ticket is mixed. It was the first year in which the precincts were separated over there and Jacob B. Sunderland was democracy's candidate for mayor against Guy Patrick. It is thought Sunderland is safely elected.

For Herrick the village gave a vote of 175 and Pattison received 275, a clean plurality of 100. Pears defeated Newson by 94 votes, and Roush was given in his home city a plurality of 103 over Edwards.

### GALE AND HEFFNER

Failed to Carry Their Own Boss-Ridden Precinct.

The old boss-ridden seventh ward, now known as Precinct C, of the second ward, and in which both Gale and Heffner hold forth while Quail and Downing, Langan and others vote there, showed what it thought of the "Bosses" by returning a vote for Judge Robb of 219 against 165 for the

boss candidate, Laudick, and this in the face of the fact that Herrick received 204 and Pattison but 171.

### BLUFFTON'S VOTE

Was Overwhelming for Pattison, Yet Republicans Elected Mayor.

The strangest coincidence in the entire county comes from Bluffton where an overwhelming democratic vote was cast for Pattison, yet Andrew Hauenstein, republican, was elected as mayor of the village. In the two precincts there, Herrick received 168; Pattison 345.

### DID NOBLY.

Democrats of Delphos Elected Their Entire Village Ticket.

Reports from Delphos received this afternoon, announced that that place had been carried by both the state and local tickets. John W. Fisher, a popular newspaper man who was chairman of the democratic county executive committee last year, headed the village ticket and was elected mayor by an overwhelming majority.

### COLLINS AND REED

Chosen as Representatives in the City Council.

T. A. Collins, or "genial Tom" was elected to represent the second ward in the city council over S. K. Krauss, by a majority of 125, while Stephen C. Reed, the democratic candidate in the fourth, on the uncolored returns, which have not been tabulated is undoubtedly elected. F. X. Galerneau, democrat, is chosen assessor in the second ward, as a colleague of Collins, and the republican assessor in the fourth is probably elected. Plus P. Smith and C. C. Crossley, both democrats, were also elected assessors.

## EMPEROR OF KOREA

Threatened to Put a Finish to Himself Through Opium Route

FAILURE TO GIVE TO

Korea Even Reference as to Independence Was the Cause

Victoria, B. C., Nov. 8.—Advices from Korea by the steamer Empress of China today tell of the threat of the Korean Emperor to commit suicide by swallowing opium, because of his anger at Great Britain's attitude toward Korea. The Emperor addressed a letter through the Korean

foreign minister to the British minister at Seoul complaining of the absence of any reference to the independence of Korea in the Anglo-Japanese treaty. The Korean Emperor said he would not sanction any agreement which would sanction a Japanese protectorate over Korea and later he informed one of the Korean princesses he would kill himself by swallowing opium, rather than bear the threatened loss of Korean prestige.

T. S. Min, a wealthy Korean arrived today, bound for Washington, to seek American assistance for Korea.

### CAST THE DECIDING VOTE.

Marysville, O., Nov. 8.—News of the marriage of John E. Griffith, of Cocoroc, N. M., a former well known attorney and politician of this city which occurred Saturday has been received here by Mr. Griffith's friends. The bride's former name was Miss Ruby Berry, of Socorro.

Griffith, it will be remembered is the man who made himself famous by casting the deciding vote in the Hanna senatorial contest.

The victory of the city party, the reform over the regular republicans in Philadelphia was complete and beyond the expectations of the reformers. The city party's plurality is 12,000. One of the surprises of the election was the loss of the regular republicans of U. S. Senator Penrose's ward. It gave a city party plurality of 100,000. Insurance Commissioner David Martin at one time the republican leader of the city lost his ward yesterday for the first time in thirty years. David H. Lane, the veteran leader upon whom much of the work of the republican campaign fell also lost his ward, the twentieth.

Everybody will be at the masquerade tonight.

AN AUTOMOBILE PROPHECY. (New York Press.) Among the Bible delvers is Charles T. Logan. He has learned to read the Bible by expounding it to his children, and has become critically critical. His latest excursion was made into Nahum. Having just purchased an automobile, he was amazed to find in the fourth verse of the second chapter this prophecy of the coming of the motor car:

"The chariot shall rage in the streets, they shall baffle one against the other in the broad ways; they shall seem like porches, they shall run like the lightning."

Nahum was the seventh of the minor prophets, and was generally known as "Nahum the Elkoshite." He may have been the father of the Elks.

What Did He Mean. Mrs. Woods — The last thing my husband did was to kiss me. Mr. Kidder — Then I suppose he was ready to die.

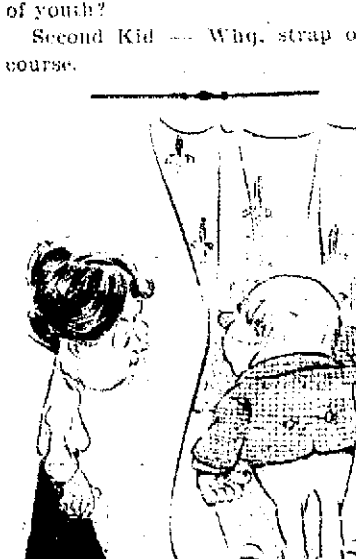

Not Good for Battle. Jim — Huh, you needn't think you're so good in town. I've done good myself a safety razor. Sam — My! you certainly are easy.

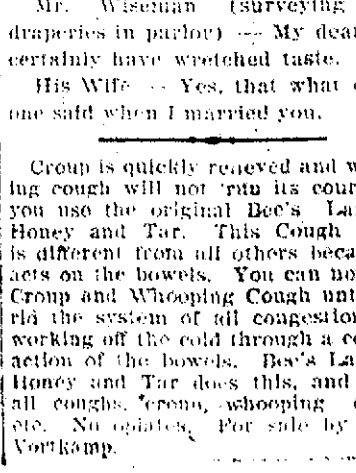

Wise Man. "Why did Jack marry his typewriter?" "Merely a matter of economy—she wanted her salary raised."

First Kid — Say, what is the oil of youth? Second Kid — Wag, strap oil, of course.

One on Hubby. Mr. Wiseman (surveying new draperies in parlor) — My dear, you certainly have wretched taste. His Wife — Yes, that what every one said when I married you.

Croup is quickly relieved and whooping cough will not "put its course" if you use the original Bee's Laxative Honey and Tar. This Cough Syrup is different from all others because it acts on the bowels. You can not cure Croup and Whooping Cough until you rid the system of all congestion, by working off the cold through a copious action of the bowels. Bee's Laxative Honey and Tar does this, and cures all coughs, croup, whooping cough, etc. No opiates. For sale by H. F. Vorkamp.

## Four Facts For Sick Women To Consider

Lydia E. Pinkham's Vegetable Compound Has an Unequalled Record of Cures—Mrs. Pinkham's Advice Is Confidential, Free, and Always Helpful

First.—That almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful menstruation, leucorrhoea, displacements of the uterus, pain in the side, burning sensation in the stomach, bearing-down pains, nervousness, dizziness and sleeplessness.

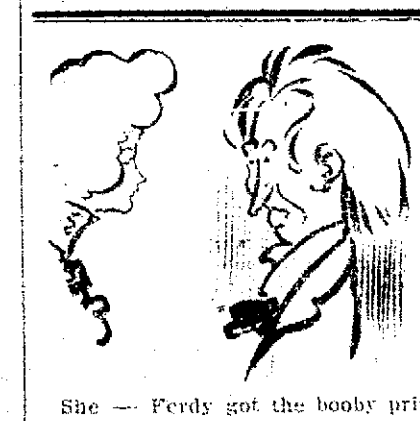

Second.—The medicine that holds the record for the largest number of absolute cures of female ills is Lydia E. Pinkham's Vegetable Compound. It regulates, strengthens and cures diseases of the female organism as nothing else can.

For thirty years it has been helping women to be strong, curing backache, nervousness, kidney troubles, all uterine and ovarian inflammation, weakness and displacements, regulating menstruation perfectly and overcoming its pains. It has also proved itself invaluable in preparing for childbirth and the change of life.

Third.—The great volume of unalloyed and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, give abundant evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

Fourth.—Every ailing woman in the United States is asked to accept the following invitation. It is free, will bring you health and may save your life.

Mrs. Pinkham's Standing Invitation to Women.—Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham at Lynn, Mass. All letters are received, opened, read and answered by women only. From symptoms given, your trouble may be located and the quickest and surest way of recovery advised. Out of the vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help your case. Surely, any woman rich or poor, lively or foolish, if she does not take advantage of this generous offer of assistance.

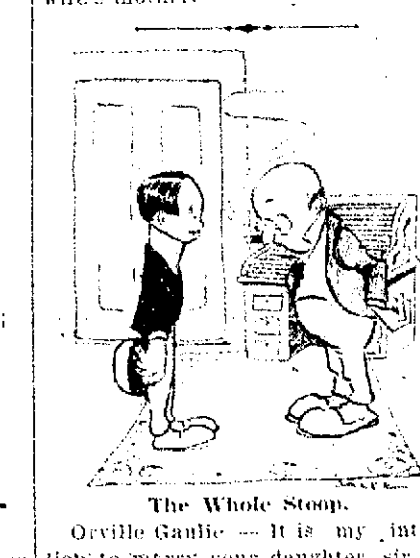

She — Ferd got the booby prize at our whist tournament. He — Ha, ha! Just like the lobster. What was the prize? She — A copy of your last book of poems!

Think of It. Wiggs—I hear there's a new arrival at your house. I congratulate you. Wiggs — Throw in a little condescension on the side. There's been two arrivals.

Wiggs — Twins? Wiggs — No. The baby and my wife's mother.

The Whole Stoop. Orville Gault — It is my intention to marry your daughter, sir. I have considered the step I am about to take.

Old Billyuns — You have, eh? Well, I have an idea you're going to take about eight steps without touching them.

Physicians Prescribe It. Many broad-minded physicians prescribe Foley's Honey and Tar, as they have never found so safe and reliable a remedy for throat and lung troubles as this great medicine. There is no other cough medicine so popular. It contains no opiates or poisons and never fails to cure coughs and colds. Refuse substitutes. Sold by H. F. Vorkamp and Wm. Melville.

## A FACT PROVEN.

Should Consider Even the Most Trivial of Our Truths. It is a fact that the human body is a machine, and like all machines it needs oil to run smoothly. The oil that keeps the machine running is the blood. If the blood is impure, the machine will not run smoothly. The impure blood is the cause of many diseases. The best way to keep the blood pure is to use the medicine that cleanses the blood. This medicine is the best in the world. It is the only medicine that cleanses the blood. It is the only medicine that keeps the blood pure. It is the only medicine that keeps the machine running smoothly. It is the only medicine that keeps the human body healthy. It is the only medicine that keeps the human body strong. It is the only medicine that keeps the human body beautiful. It is the only medicine that keeps the human body happy. It is the only medicine that keeps the human body alive. It is the only medicine that keeps the human body in the best of health. It is the only medicine that keeps the human body in the best of condition. It is the only medicine that keeps the human body in the best of shape. It is the only medicine that keeps the human body in the best of color. It is the only medicine that keeps the human body in the best of tone. It is the only medicine that keeps the human body in the best of vigor. It is the only medicine that keeps the human body in the best of energy. ## Good Old Cuyahoga.

Cleveland, O., Nov. 8.—At a late hour today, election returns from the city were still incomplete. It is almost certain, however, that Pattison, democrat for governor, will have a plurality of 12,000. Johnson, democrat for mayor, will have not less than 11,000 plurality. With the exception of Hudson, republican for probate judge, the entire democratic city and county ticket is elected by good plurality.

## New York's Assembly.

New York, Nov. 8.—The next assembly will stand: Republicans 111; Democrats 55; municipal ownership 11; the year it stood republican 10; democratic 4. The senate holds over this year.

## Few Precincts Out.

Cincinnati, O., Nov. 8.—Election precincts in Hamilton county were not heard from at 10:30 a. m. Herlick's showing there stood at 91 and he led the republican ticket with the exception of Messrs. probate judge, who is the only republican in the county or city at large. Herlick's vote ran about 500 for him. The republican candidates for supreme court.

## Augustine in Line.

Wapakoneta, Nov. 8.—Pattison carried the county by 1200. Whole democratic county ticket elected. Lou Newland, whose election to the legislature a bitter fight was made, was elected by 100.

## Darke County Redeemed.

Cincinnati, O., Nov. 8.—Darke county has redeemed itself. Pattison carried the county by from 12 to 13 hundred. The county gave a republican plurality last year of nearly 500.

De R. Robinson, democratic candidate for probate judge against whom a demagogued fight was centered, was elected by 500.

Thomas Maher is tied with A. W. Smith for mayor of the city.

## Nothing To It.

Cleveland, O., Nov. 8.—John M. Pattison, the democratic candidate for governor of Ohio, has carried Cuyahoga county by about 15,000 plurality and the city of Cleveland by over 12,000.

The same old wave of sentiment has also elected Tom L. Johnson as mayor of Cleveland for a third term by the unprecedented plurality of over 12,000. In this, two records are broken on the one of the plurality for a mayor and on the other of the election of a Cleveland mayor for a third term. For the second time in many years, Cleveland county will be represented in the next general assembly by a man of legislative legislative character. Four state senators and two representatives will also be elected.

## MEN REFUSE TO TALK

Defectives Vallantine and Dick Are Confident of the Evidence.

Deputy United States Marshall Wagner, of Toledo, arrived here this morning, and took to Toledo on his return, at 11:55, the two business men arrested here in the persons of Stephen G. Roloson and James E. Wickham.

Both men refused to be interviewed this morning, and it is stated claim their innocence, while a report was circulated about the court house that one of them would plead guilty. The detectives secured some German gold, used in burlesque, and also other alleged apparatus used by the men in making the imitations gold coins in the domination of five and tens.

The men will be arraigned in the federal courts at Toledo and both expect to give bail for their appearance when wanted.

It is claimed the arrests here followed the arrest of one, Joseph Jones, in Indianapolis last June, caught passing the spurious. When in the sweat-box Jones is said to have confessed he was an agent of S. G. Roloson at Lima, and had been engaged in passing off the coins throughout Indiana. Mr. Dick is authority for this state ment, and he seems most confident of having sufficient evidence and more to convict both Roloson and Wickham.

We wish to extend our gratitude to our neighbors and friends for their kindness during the illness and death of our infant, Dwight William Downey, also to the choir and Rev. Davis for his comforting words.

## SELLING CHILDREN.

Harper's Magazine.—On the same steamer by which I reached Bengali there were five little native boys, conspicuous in striped jerseys and running about the ship like rats. I suppose they were about ten or twelve years old, perhaps less. I do not know where they came from, but it must have been from some fairly distant part of the interior, for, like all natives who see stairs for the first time they went up and down them on their hands and knees.

They were traveling with a Portuguese, and within a week of landing at Beigneta he had sold them all to other white owners. Their price was 50 milreis apiece (nearly 10 pounds). Their owner did rather well, for the boys were small and thin—hardly bigger than another native slave boy who was at the same time given away by one Portuguese friend to another as a New Year present.

But all through this part of the country I have found the price of human beings ranging rather higher than expected, and the man who told me the price of the boys had himself been offered one of them at that figure and was simply passing on the offer to myself.

## PARALLEL THE HOCKING.

New Line Will Run From Fostoria to Marion.

Still another interurban railway with Marion as a terminus, is being projected, says a Marion paper. City Engineer Regal, of Tiffin, was here Tuesday in company with two Seneca county capitalists, working in the interest of a proposed electric railway between Fostoria and Marion, he says, to be constructed within a year. Regal and other men interested in the proposed railway plan to construct a line to parallel the Hocking Valley between Fostoria and this city, connecting all the towns and cities through which the Hocking Valley passes.

The trip made by the promoters had as its object a preliminary view of the proposed right-of-way. The project is merely in its infancy and no effort has been made as yet to secure the necessary capital.

## A BUSY TUNNEL.

One year ago the New York subway was opened to the public. A hundred and six million passengers have since paid a nickel apiece to ride in it. It has realized the wishes of the yearning ones, who in years past waited for a railroad that would send them "to Harlem in 15 minutes." Everybody connected with the subway is satisfied with what it has accomplished.

Based on the number of fares paid, the stations rank in importance as follows: Brooklyn Bridge, Grand Central, Fourteenth Street, Fulton Street and Times Square. Times Square is far ahead of all other local stations. Five million persons, a number exceeding by half a million the estimated total population of New York City, boarded subway trains there during the year. Supposing that just as many got off at Times Square, 10,000,000 persons have passed through the station since October 27, 1904.

Eighteen million fares were paid at the Brooklyn bridge, 10,000,000 at Grand Central and nearly 7,000,000 at Fulton street. The average number of passengers carried in the subway everyday was about 300,000. The estimated number of passengers on all the elevated lines for the same period is 261,666,886, an average of 716,895 a day. A fair estimate of the number of passengers carried by both subway and elevated is 1,000,000 a day.

Only a part of the subway was opened a year ago. Since then the Lexington branch to West Farms, the section from Brooklyn Bridge to Broadway to South Ferry and a mile stretch north of One Hundred and Thirty-fifth street, under Broadway, have been opened. The Interborough company expects to run trains under Port George and over the long viaduct to the Ship canal by January 1. The Brooklyn branch will be opened next year.—New York Times.

## In Time of Peace.

In the first months of the Russia-Japan war we had a striking example of the necessity for preparation and the early advantage of those who, so to speak, "have shingled their roofs in dry weather." The virtue of preparation has made history and given to our greatest men. The individual as well as the nation should be prepared for any emergency. Are you prepared to successfully combat the first cold you take? A cold can be cured much more quickly when treated as soon as it has been contracted and before it has become settled in the system. Chamberlain's Cough Remedy is famous for its cures of colds and it should be kept at hand ready for instant use. For sale by all druggists.

## STANDARD RIG

For Drilling Oil Well Has

Indiana Driller Has Evolved

MAKES GREAT SAVING

In the Expense Attaching  
to Moving the Old  
Styled Rig.

Bear Creek Oil Company Has  
a New Well Known  
as a Gusher.

Portland, Ind., Nov. 8.—Oil was first discovered in Indiana back in 1887, and one singular fact is that oil wells were drilled then, so are they drilled now there having been little, if any change, in drilling machinery in the time that has since elapsed.

The interest in what is below the surface seems to lead oil drillers to care little for what was above, and consequently oil well machinery has not experienced the evolution that goes with practically every other mechanism of common use. Nine drillers out of ten prefer the standard rig for drilling purposes, while once in a while one is found that plauds the other style rig. The standard rig will be used as long as there is any drilling for oil no difference how many patent rigs are put on the market. The standard rig that was used many years ago still leads all others. It takes just as long to build and tear down a rig now as it did many years ago, and the price has not varied much. The price of the standard rig is advancing daily and it is this that has awakened the people interested in the industry, and is attracting the attention of the trade to a new portable rig that has been in operation in the Bear Creek township, end of the Jay county field for some weeks back, which is meeting with good success as far as it has gone.

The new oil drilling device is the invention of Mott McCain, a driller, who has worked in the Indiana field a great many years, and whose wealth consists mainly of inventive genius.

The great expense in moving a rig and the loss in tearing down a derrick caused him to conceive the plan of making a portable rig which could be made stationary on wagons for drilling purposes, and then be unjointed and folded up with a few hours' work for moving without destroying a single piece of timber.

The rig is a two-legged derrick which answers every purpose of the old standard rig (so they say), solidly nailed derrick, and the trial of the apparatus on three wells in Bear Creek township, has satisfied oil men that the invention is a practical one. Where it costs \$75 to move and get ready for drilling with the standard rig, McCain simply unjoints the device and lowers it onto three wagons, which maintain their position underneath the rig while the well is drilling, and the outfit is carted away to the next location at an expense of \$10.

Gets a Gusher.

The Bear Creek Oil company's well No. 4 on the Reuben DeHoff farm, in section 17, Bear Creek township, Jay county, is reported the largest well yet struck in the new field near Brian having pumped better than 200 barrels the first 24 hours after completion.

G. C. Beck's No. 5 on his farm, in section 24, pumped but 15 barrels.

In Richland township, same county, and near Red Key, the Devey Oil company's initial well on the Anna E. Current farm, in section 24, pumped 5 barrels, and S. John Christensen's test on the C. P. Carter farm, in section 25, pumped 30 barrels.

In Wabash township, Jay county, the Col. Drake Oil company's No. 2 John Reitz farm, section 18, pumped 15 barrels.

Wells County Developments.

In Nottingham township, Wells county, Indiana, ten little new wells are in progress. W. K. and J. M. Smith have drilled in No. 6 on the R. P. Lamert farm, section 18, and it pumped 15 barrels, and No. 7 is now drilling John W. M. Cary is also drilling his No. 7 on the John Henley farm, section 15. The Ohio Oil company has abandoned wells No. 1, 3, 6, 7 and 10 on the C. B. Abshire farm, in section 19, and No. 5 on the D. Bryant farm, in the same section.

In Jackson township, the Ohio Oil company's No. 17 on the J. P. A. Leonard farm, pumped 10 barrels, and their No. 22 Beavington farm, section 14, pumped 22 barrels. Their No. 1 A. Hester farm, section 5, pumped 10 barrels. The Hazlewood Oil com-
